Thanks for copying me. I have one piece of Agency paperwork to develop. I am required to notify the EPA Administrator's office. I am awaiting the required format of that notification from your OGC, Jon. ( Ms Rodriquez ).

I have no control over the Tribes' contracting process – wish I did! – so I really don't know, and Kelly wasn't sure either though he said he would remind them in the hopes of speeding them up. Why don't we try scheduling for the week of September 30, figuring all the paperwork should be completed by then.

Thanks, Jill, for the update.

Would you be able to share with us even a nominal estimate of when the Tribes will be ready to resume discussions? Are we talking days, weeks or...?

We'd greatly appreciate getting some more solid sense of this in order to begin blocking time on everyone's very busy calendars (including providing Argonne with as much advance notice as possible). This will also put us in a better position to respond to inquiries from executives here in the Region and at HQ.

Best,  
Jon

Good morning Jon,

Kelly asked me to get back to you, as he's swamped with work right now.

As I think you know, the Tribes will be using David Reisman as their technical expert. Kelly is just waiting for the tribal paperwork to be completed, which (as you may not know) can unfortunately take a very long time. Kelly is doing what he can to speed it up, but would like to wait until David is on board before resuming our discussions so that David may participate.

Thanks for your patience,

Morning, Kelly – We're keen to resume our discussions of the Independent Review (IR). Would you please share with us the status of your efforts to bring your technical expert on board? I would like to schedule a call sometime next week (week of August 26), if at all possible.

I have drafted for your review a simple outline describing the progression of calls leading to Argonne commencing work on the IR. Please let us know what you think of this proposed approach.

Thx,  
Jon
